

# HOW TO WRAP A KANGA

**Start with your legs apart (to give you room to walk), hold the two ends of the wrap at your waist.**

**Tuck in the right side to the left side of the waist, making sure that the top end of it sticks out above the tuck.**

**Take the left side and wrap it towards the right side of your waist.**

**Pull the left and right ends towards the back and make a knot as tight as you need.**

**Enjoy your wrap skirt and teach others how to get wrapped!**
